EXPERIENCE THE DIFFERENCE[®]

100% FREE REPLACEMENT WARRANTY

American Pacific Industries, Inc (API) hereby warrants every new Gladiator Light Truck (LT) tire for workmanship and material related conditions for the life of the original tread of a new tire less 2/32". The life of the original usable tread ends when the tire tread has worn down with only 2/32" remaining as measured in the fastest wearing groove, at which point the tire is considered to be fully worn out. API will refund the cost of a replacement Gladiator LT tire. Applicable taxes on the new tire and costs of mounting and balancing service shall be borne by the owner. All Exclusions listed below void this 100% Free Replacement Warranty. Conditions and coverage are subject to change at any time and without notice.

- A) The Gladiator LT tire must be replaced with a comparable new Gladiator LT tire by an authorized Gladiator dealer. Copy of invoice will be required.
- B) 100% free replacement applies to new first quality tires. Blemished tires, retreads and road hazard tires are specifically excluded (see Road Hazard Warranty below).
- C) Adjustments on ride complaints or out of round tires are excluded from this warranty if they are worn past 2/32" from the original usable tread of the new tire.

SATISFACTION ASSURED

All API passenger and LT tires are covered by the 30 Day "Satisfaction Assured" trial period. If, for any reason, other than an excluded condition listed in the respective tire's Standard Warranty, you are not satisfied with your new set of tires within 30 days of date of purchase - or the first 2/32nds of tread wear as measured in the fastest wearing groove (whichever comes first) - you may exchange all or any one of them for the same number of the same design or similar design API manufactured tires. Mounting and balancing are free of charge (excluding online orders). Owner pays all applicable taxes. If you wish to exchange for another set of API manufactured tires that have a higher cost, you must pay the upgrade from the original purchase price, including shipping and all applicable taxes. If you wish to exchange for another set of tires, which is at a lower cost, you will receive a credit for the difference in cost.

This Satisfaction Assurance guarantee only applies to the original new set of manufactured passenger and LT tires purchased and not to the replacement tires under this guarantee.

Administration of the Satisfaction Assured Warranty

Within the 30 days from the date of purchase or the first 2/32nds tread wear as measured in the fastest wearing groove, you must return your tires to the authorized API brand tire dealer where you purchased your tires. You must present the original sales receipt and proof-of-purchase. Reason for dissatisfaction must be explained to the dealer (i.e., appearance, ride, handling, etc.) and noted on the adjustment claim form.

GLADIATOR LT LIMITED MILEAGE/ROAD HAZARD WARRANTY

A) If a Gladiator LT tire wears evenly down to a tread depth of 2/32 in less than the applicable mileage below and in less than five (5) years from date of manufacture, API will credit the owner a prorated amount on the actual mileage toward the purchase of a new Gladiator LT tire. Costs incurred for mounting, balancing and other service charges are not included in the credit amount and shall be borne by the owner. It is the owner's responsibility to follow the Owner's Obligations listed under the Gladiator LT Limited Warranty. All Exclusions listed below void this Limited Mileage Warranty. Conditions and coverage are subject to change at any time and without notice.

B) If a Gladiator LT tire is deemed to be adjustable under the Limited Mileage Warranty, then the following procedures must be met.

- 1) Owner/User must keep updated mileage records on the Mileage Warranty form provided on API's website or at the time of purchase. Tires must be rotated at least every 6,000 miles and documented by the service provider.
- 2) Original invoice showing purchase of tires must be submitted.
